Subject: Docket No. 2014-47-T; Valerie Wallace d/b/a Total Care Transportation

Mr. Melchers and Ms. Boyd,

Per the request of the Office of Regulatory Staff, the Commission issued Order No. 2015-265 on April 16, 2015 denying the request of Ms. Wallace in the above referenced Docket, for a one year extension of time to comply with the requirements of Commission Order No. 2014-171.

In Order No. 2015-265 the Commission Staff was also Ordered to close the docket in this matter. However, per Commission Order No. 2015-54 Ms. Wallace had been granted until April 30, 2015 to comply with the provisions of Order No. 2014-171.

Ms. Wallace has now indicated, a few days prior to April 30th, that she has obtained all materials necessary to comply with Order No. 2014-171 to allow ORS to issue a certificate of public convenience and necessity.

While I cannot be certain of the Commissions intent, it appears that Order No. 2015-265 was intended, per ORS' request, to merely deny Ms. Wallace's request for a one year extension and not to revoke or amend the extension to April 30, 2015 granted in Commission Order 2015-54.

I would therefore request that the Commission please consider issuing an Amended Order No. 2015-265 eliminating the provision contained in that Order that provides "and direct Staff to close this docket."

Such a revised Order would permit Ms. Wallace to obtain a certificate from ORS at this time under prior Commission Order and eliminate the need for her to reapply.

Please contact myself and Ms. Wallace should you have any questions regarding this matter.
